

# Md. Jahedul Alam Rifat

Fresher

I am an enthusiastic, self-motivated, reliable, responsible and hard-working person. With a solid foundation in programming languages such as Python, and C++, I possess a strong understanding of software development principles and algorithms. I am eager to apply my knowledge and collaborate with teams to develop innovative solutions that make a positive impact. With excellent communication skills and a passion for continuous learning, I am committed to professional growth and contributing to the success of any organization I join.
